

Jodi Swartz
RN, LME, CLC
Smart Cosmetic Studio

Jodi is a Registered Nurse, Licensed Medical Aesthetician and a Certified Life Coach with 20 years of experience. These skill sets as well as being a cancer survivor herself bring a host of services available to our center.

Jodi will be mediating support groups, mentoring one-on-one, and providing facial services to our patients/guests.

As a local Doylestown resident and business owner, Jodi has felt a calling to help others in her community and is happy to share her knowledge, compassion and perspective as a medical professional and a survivor with everyone at the Center.

Her “day job” as an owner of Smart Cosmetic and Skin Studio is rooted in empowering people to feel their absolute best no matter what they may be facing or going through and she brings that passion to us as well.

When not working or volunteering, Jodi lives in Doylestown with her husband, her fur babies Chloe and Cupcake and is a proud Mom and Grandmom.
